

## Win more business with Speed and Confidence!

Addressing the industry's pain points lies at the foundation of Clinical Maestro **CORE**, the only SaaS solution specifically designed for clinical trial costing.

**CORE** significantly increases capacity of bid output volume of your Cost Proposals team, while empowering your Business Development team to win by generating smarter bids faster.

Through digital workflows, reliable budgeting formulas and dynamic visualizations, **CORE** lowers the cost of bidding through more efficient utilization of internal provider resources.

**CORE** takes the stress out of creating a clinical trial budget and allows you to focus on your winning clinical strategy.

**Eliminate formula errors, long hours, costing tool breakdowns; painful review cycles, high maintenance costs, training challenges; missed deadlines, high turnover, and costing capacities.**

## Features

- Expedite your bid review process
- Painlessly create complex budgets.
- Transform history into business intelligence
- Control rate cards and algorithm management.
- Simulate infinite scenarios and perform impact analyses

## Achieve **SPEED**
